REMARKS

Claims 1-20 are pending in this application. By this Amendment, Figs. 16A, 16B and 17A are amended. No new matter is added. Reconsideration in view of the above amendments and the following remarks is respectfully requested.

The courtesies extended to Applicant's representative by Examiner Auve at the interview held August 18, 2007, are appreciated. The reasons presented at the interview as warranting favorable action are incorporated into the remarks below and constitute Applicants' record of the interview.

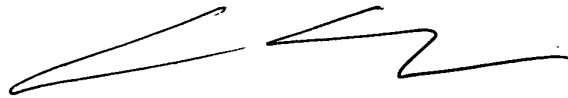

As discussed at the interview, the Office Action objects to Figs. 16A, 16B, 17A and 17B asserting that they should be relabeled related art. To obviate this objection, Figs. 16A, 16B and 17A are amended to be designated as "related art." Figure 17B remains unamended because it is not related art. Thus, Applicants respectfully request that the objection to the drawings be withdrawn.

During an August 28, 2007 personal interview, Applicants' representatives explained how the Amendment overcomes the rejections over the SBP2 reference. The Examiner indicated that an updated search will be necessary to confirm patentability.

In view of the foregoing, Applicants respectfully submit this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-20 is earnestly solicited.

Should the Examiner believe that anything further is desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
